

P. APPASHA

SOFTWARE DEVELOPER | JAVA DEVELOPER | WEB DEVELOPER | SPRING BOOT
8688783502 | p.appash047@gmail.com | Portfolio | <https://www.linkedin.com/in/appash/>

Passionate Java Developer with hands-on experience in building full-stack applications using Spring Boot, Hibernate, Thymeleaf, and MySQL. Strong understanding of agile methodologies and version control. Seeking to leverage my development skills to contribute to a dynamic team.

WORK EXPERIENCE :

Software Developer - Trainee

Indian Eagle Pvt Ltd, [Hyderabad]

June 2023 - Sept 2023

- Completed an intensive training program, equipping with skills for production-level development, focusing on both front-end and back-end technologies.
 - Enhanced proficiency in Java, J2EE technologies (JDBC, Hibernate, Servlet, JSP), and the Spring Framework (IOC, MVC, Boot, Security). Experienced with version control (Git, GitHub), SQL, web technologies, and Thymeleaf. Industrial training provided hands-on experience, enhancing my practical skills and understanding of these technologies.
 - Actively participated in daily Scrum meetings and sessions. Managed tasks, tracked project progress, and enhanced existing projects with new technologies and reduced code complexity, ensuring timely and effective team communication.
 - During training, contributed to three projects: **Flight Booking Service, Credit Card Management and Employee Engage.**
-

PROJECTS :

1. JavaDev

- Designed to assist job seekers with job postings, study materials, interview QA, and resume-building services.
- Built using Java, MySQL, Thymeleaf, HTML, CSS, JavaScript; deployed on AWS EC2.
- Integrated Spring Security for login, Spring Emailing for contact form; managed version control via Git.
- Testing supported by JUnit and Log4j; MongoDB and React integration in progress.
- Preparing for future expansion into micro-services for login, job updates, and other features.

2. Hospital Website, Gym Website, and Real-estate

- Developed static websites using HTML, CSS, and JavaScript. Integrated email functionality using EmailJS for efficient communication. These projects were successfully deployed on AWS EC2 instances, ensuring stable performance and availability.

3. Flight Booking Service, Credit Card Management, Employee Engage

June 2023 - Sept 2023

- Delivered robust solutions during company training by developing in Java with IntelliJ IDEA, managing version control via Git, designing databases using SQLYog, and implementing front-end and enhancing dynamic content using Thymeleaf.

4. Employee Data

5. Bug Tracking

6. Vehicle Rental System

TECHNICAL SKILLS :

- Operating Systems: Windows, Mac
- Programming Languages : Java
- Frameworks and Technologies :
 - J2EE: JDBC, Hibernate, ORM, Servlet, JSP
 - Spring: IOC, MVC, Boot, Security
 - Thymeleaf
- Testing and Version Control : JUnit, Git, GitHub
- Databases : MySQL, SQLYog
- Web Technologies
- Tools: Eclipse IDE, IntelliJ IDEA, VS Code, Postman
- Software Development Lifecycle (SDLC)
- System Network and Hardware

CAPABILITIES :

- Design, develop, test, and debug robust and efficient Java applications.
- Write clean, maintainable, and well-documented code following best practices.
- Troubleshoot and resolve technical issues in Java applications.
- Contribute to the continuous improvement of development processes and coding standards.
- Demonstrate strong problem-solving and analytical abilities.
- Collaborate with other developers and conduct code reviews.
- I believe I possess both patience and a never-give-up attitude.

EDUCATIONAL QUALIFICATION :

Master of Computer Applications (MCA)
Aurora's PG College, Punjagutta
CGPA: 8.04

2020 - 2022

CERTIFICATIONS :

- Certification in Jspider Institute on Java full stack Developer.
- Certification in Fratello InnoTech Pvt Ltd on Web Development.

DATE : / / 2024

Place : Hyderabad
